 Topik : SRG Bawang Merah

The screenshot shows a news article from Media Indonesia. The main headline is "Gudang SRG Bawang Merah Teknologi CAS, Upaya Stabilitas Harga". The article is by Suparji Rahman and published on January 26, 2021. The text describes how the government is using CAS (Controlled Atmosphere Storage) technology in a warehouse in Brebes to stabilize the price of red onions. It mentions that the technology helps in storing onions for a longer period, reducing spoilage and thus stabilizing the market. The article also includes a photo of the warehouse and a list of top tags such as #Bappebti, #Fiskal2020, #pandemi.covid-19, #smpgoc00119, #City Prabowo, and #Indonesia2021.
